

Graduation

season is right around the

corner and we recognize events for our graduates will be anything but typical this year. We want to assure the NSER class of 2020 that we are working hard to provide the best possible experience for all of you. Before we can release details, however, guidelines provided by the province will help to determine how we can proceed with a celebration. Since we are a relatively small graduating class, we have the ability to explore different options should we receive some positive news from the province on gatherings for the month of June. With that being said, North & South Esk Regional will be maintaining its original date of Thursday, June 18th for a graduation ceremony. Here are a few details that we can provide at this time:

- No graduation fees required
- Graduation gowns, caps and tassels have arrived and will be provided to graduates at a later date
- Our graduation list has been sent to the province and we are now waiting for diplomas to arrive any day
- A formal introduction of our graduates, as well as valedictorian and salutatorian, will be announced in the next few days on the NSER Facebook page
- Scholarships, bursaries and local prizes will be announced at graduation

A big congratulation to all our NSER graduates - we look forward to seeing you soon!
