NSER Mission Statement

It is the mission of NSER to support and challenge students to meet and exceed their potential.

NSER Vision

NSER's number one priority is the intellectual development of its students and also giving priority to social, emotional and physical development.

This year's after school drama production of "Totally Awesome 80s" was a hit! Auditions were in early September and we saw a lot of new students join our drama family. With nods to iconic 80s teen movies and celebrities and a rockin' score that captures the hit sounds of the decade, this play was a lot of fun to prepare and perform!

Our performances at the end of January saw great crowds and were definitely a huge success! Thanks to everyone who came out

to support us and well done to all the cast and crew!

NSER Values

The intellectual, emotional, physical, and social needs of each child will be developed to his/her fullest potential.

Expectations for students will be age appropriate and pedagogically based.

A spirit of cooperation will be fostered among students, staff, and community.

All students and staff will show respect for students, staff and the campus.

All students will be encouraged and given the opportunity to participate in extra and co-curricular activities.

A high moral standard will be exemplified by the staff, and expected of our students.

Academic Incentive

I wanted to take the time to clarify this incentive. As you are aware, students cannot miss more than 5 classes in a subject. Unfortunately, this causes students to come to school when they are sick as we only count death in the family or school activities as an excuse. This problem has been debated at many principal meetings but it comes back to the fact, how could I say whether one student's sickness is different than an others. Having said that, as a parent / guardian you know best when it comes to your child's health. As well I want to point out that should a student miss 5 days or less, they still must have all work / assignments caught up to be eligible for this incentive. You can read more about the incentive on our website. Thank you - Mr. Dean Mutch

Middle School Science Fair

Thank you to MS students for their participation in Science Fair. Everyone is a Winner!

The groups representing NSER at District Science Fair in March will be:

Grade 8: Camryn Hallihan, Carlene Miller, Rylan Matchett
Alternate: Celina Taylor

Grade 7: Justin Matchett, Caleb Tozer, Avery Astle, Emma Pitcher
Alternate: Lucas Mutch
