NSER Mission Statement

It is the mission of NSER to support and challenge students to meet and exceed their potential.

NSER Vision

NSER's number one priority is the intellectual development of its students and also giving priority to social, emotional and physical development.

NSER Cobras Care This Christmas

This Christmas, students and staff at NSER took on the challenge of raising money and supplies to meet the wish lists of 3 local non-profit organizations – the Miramichi SPCA, Metepenagiag Food Bank and the Miramichi Community Food Bank. Each student was provided with these wish lists and was encouraged to find items at home that they could donate or find creative ways to raise money to purchase these items. The school held a pancake breakfast and sold tickets on gift baskets, had dress-up and dress-down days, sold Christmas treats, amongst many other great ideas. The goal was to develop in students a sense of compassion for those in need as well as an awareness of the needs right here in our community. The hope is that students will be compelled to make a difference year-round, and not just at Christmas time. Collectively the school raised hundreds of dollars in goods and money to donate to these very deserving organizations. Teachers selected students who had shown particular enthusiasm in fundraising efforts to make the deliveries and, on December 21st, students had the opportunity to visit these non-profit organizations and personally deliver the boxes of supplies. We consider this project to be a success and are inspired by the passion and enthusiasm of our students to lend a hand to those in need.

NSER Values

The intellectual, emotional, physical, and social needs of each child will be developed to his/her fullest potential.

Expectations for students will be age appropriate and pedagogically based.

A spirit of cooperation will be fostered among students, staff, and community.

All students and staff will show respect for students, staff and the campus.

All students will be encouraged and given the opportunity to participate in extra and co-curricular activities.

A high moral standard will be exemplified by the staff, and expected of our students.

Bell Let's Talk Day – January 25 NSER will be joining the conversation around Mental Health

Many people living with a mental illness report that negative stereotypes about mental illness, and the resulting potential for discrimination, causes them more suffering than the illness itself. As a result, two thirds of those suffering from mental illness are too afraid to seek the help that they need.

Mental illness affects people of all ages and from all walks of life. It can take many forms, including depression, anxiety and schizophrenia. Most individuals find ways to live with their illnesses but how they are treated by others often proves to be more of a challenge than the illness itself.

On Bell Let's Talk Day, January 25 we are joining the conversation around mental health. Stigma surrounded many diseases in the past, but concerted efforts to confront these attitudes resulted in change for the better, including better treatment, more funding for research, and greater understanding from family, friends and colleagues. The goal is to achieve the same level of acceptance and understanding regarding mental illness.

On Bell Let's Talk Day, Bell will contribute 5 cents to mental health related initiatives for every text message sent, and mobile and long distance call made by Bell and Bell Aliant customers, every tweet and Instagram post using #BellLetsTalk, view of the official Bell Let's Talk Facebook video and use of the Bell Let's Talk geofilter on Snapchat.

You can also learn more about the [five simple ways](#) to end stigma and download the [Bell Let's Talk toolkit](#) and begin your own conversation about mental health at home, school or in the workplace.
